TANYA NAGARAJAN

Aspiring Data Analyst | Python | SQL | Data Analysis & Reporting
Chennai, Tamil Nadu • +91 73050 69122 • tanyanagarajan841@gmail.com

PROFESSIONAL SUMMARY

Mathematics graduate currently pursuing a BS in Data Science at IIT Madras, with a strong foundation in statistics and hands-on skills in Python and SQL. Experienced in organising, cleaning and analysing real business and sales data for a startup, and in building a database-backed web application. Looking for an entry-level role in **Data Analysis, MIS Reporting or Data Operations** where analytical thinking and accuracy add direct business value.

TECHNICAL SKILLS

Programming	Python, SQL, Java, C
Data Analysis	Data cleaning & validation, exploratory and statistical analysis, reporting
Databases	Relational database management, data storage and retrieval using SQL
Tools	Microsoft Excel, Word, PowerPoint
Web	HTML, CSS

PROJECTS

Business Data Management – Ma Organics (Startup) *Ongoing*

- Organise, maintain and analyse the startup's business and sales records to support day-to-day decision-making.
- Clean and validate raw sales data to improve accuracy and consistency of business reports.
- Support process-automation efforts that reduce manual data entry and prepare regular reports for management.

Vehicle Parking Management Web Application *Ongoing*

- Building a web application to manage four-wheeler parking operations, covering vehicle tracking, slot allocation and record management.
- Integrating a relational database for structured storage and fast retrieval of parking and vehicle records.
